MyProblem.app

Free forever · Zero obligation · Powered by Relay

Free forever front door — ignore anytime

MyProblem absorbs “should I call?” before it hits your phone. Capture fills the ticket; deferred Projects investigate thoroughly. Incoming work is a social-style feed: open a fit, or ignore entirely — no SLA, no invoice for silence. Georgia & Israel pilots.

Receive !’ review AI dossier !’ accept, ask, or ignore entirely (no obligation) !’ manage only what you accept.

WHAT YOU GET

- $0 to join — no application fee, monthly bill, or per-lead invoice.
- Zero obligation — ignore any request like a social post. Silence is fine.
- Lighter front desk — AI triage so routine loops never reach the secretary.
- Warmer handoffs — dossier on the tip when you do engage.
- Legal stops baked in — emergencies / licensed care redirect.

HOW IT WORKS

1. Sign up at $0 — still no duty to answer anyone.
2. AI handles unsure callers first (capture now, Project when capacity allows).
3. When real, open the tip with photos + investigation notes already done.
4. Accept, bid, ask — or ignore entirely. After handshake, the deal is yours.

WHO PAYS (NOT YOU)

Shops stay free forever with zero response obligation. Infra is funded by consumer free uses, then optional consumer priority fees. We do not invoice shops or punish silence.
